RAISE YOUR GLASS FOR RESCUE MOVEMENT

Wyckoff, New Jersey. Rescue Movement, a non-profit group dedicated to the rescue and rehabilitation of ponies and horses facing slaughter or abandonment, held its first fundraiser on September 30, 2014, at the Historical Brick House, in Wyckoff, New Jersey.

The event included a tasting of imported wines from Italy, music, passed hors d'oeuvres and a buffet. Attendees included members of the local equine community, as well as supporters of Rescue Movement. Sponsors for the event included the Brick House restaurant, Bacchus Cellar, and Dan Lopez. Monies raised at the wine tasting event support the care of rescued horses, the planned purchase of a stable and equipment as well as show entry fees and expenses.

Rescue Movement is a division of National Equine Rescue Foundation Inc., a certified 501(c)(3) non-profit creating a presence in the Equine Show world. Our organization was inspired by our self-sponsored rescue of two horses and one pony from a kill shelter. Our most recent rescue is a 4-year-old thoroughbred filly named Flower, who is considered too small to race and was discarded from a Pennsylvania racetrack. This little filly shows a great future in the Hunter ring.
